

Sanjeeb Prajapati

Kathmandu, Nepal

sanjeevptra@gmail.com

SUMMARY

I love to design. More specifically, I love art and technology. So I stumbled into UX/UI and completely enjoy it. I like to work on detail, and sweat reinventing the User-Interface time and again. I really do believe design as visual language.

20% Web Designer
15% Web Programmer
15% Graphic Designer
50% Enthusiast
